Amanda and Collin, I knew your Dad and your Mom, Janice, when they were in the very early years of your family, when there was lots of love and adoration between them, and especially for the two of you. After, I talked to your grandma Betty every year when she was well, and she was so proud of you guys, you gave her joy in a sorrowful life, indeed your were the lights of her life.
I will always keep you both in my thoughts, remembering your family in my prayers, and wishing you a peaceful joyful life from here on foreword. To Cliffs family, my deepest condolences.
