I want to send all my deep heart felt condolences to Jennie's family! I have very fond memories of her and considered her a great friend of mine. She was the first one to welcome me back to Red Deer when I moved home from Ontario in December 2009. We spent a lot of time together and going to the beach at Gull Lake in the summer of 2010. She was always a constant reminder of happiness and optimistic attitude never showing how sad she was to the people around her.

God has another Angel in his midst now to watch over all the people she cared for and loved. She loved her children and her family more than anything and talked about them with me a lot whenever we spoke or got together.

You may be gone Jennie, but you will never be forgotten by anyone that knew you! Rest in Peace my dear friend you are now in peace and will no longer suffer or feel the pain that you did. I love you Jennie, always remember that!!

I am deeply saddened by the loss of my long-time friend Jennie. My heart breaks for such a loss as this. My condolence's go out to her children Erica, Jennifer and Nicholas, and to her sisters Debra, Jackie and their families, as well as all extended family. Jennie and I have been friends for many years. Our history goes way back to our childhood. We shared many fond memories with each other. Together, we laughed and we cried. When I was down, Jennie always knew how to put a smile on my face and her great sense of humor always came out at just the right time. I will miss her greatly and always cherish the times we had with each other over the many years that we were friends.

I have had the honor of knowing your kind soul for a short time in my life; you meant so very much to me. I couldn't bear the grief of attending your service...for that I am sorry. I knew you when you were happy...and I hurt when you were not...life is not fair sometimes Jennie & you deserved more. You brought me a Hug a Bear when I was in the hospital...I kept "Hair Bear" for so long Jennie; he reminded me of you. I've never met your children but I am certain that they are a reflection of you and to them I offer my condolences. Love is your legacy my dear; rest well Jennie, you have earned you peace
