My condolences on your loss. Alaine and I corresponded a number of times over the years to share and compare notes on Bastow family genealogy.

Victor,

My condolences to you and your family on Alaine's passing. You may not remember me, we only met once briefly. I'm your cousin Ruth's son and the eldest of your uncle Hugh's grandchildren, though at age 77 I don't feel like a grandchild.

Victor, please accept my deepest condolences on Alaine's passing.

Victor, Karen and Gregory. Please accept my condolences for your loss.

— **David Bastow**

My deepest sympathy goes out to Uncle Vic, Karen and Gregory, and extended family across the continent.

Aunt Alaine was devoted to her family, considerate, loving, and loyal. She was like a sister to me. As avid genealogists, we often visited archives and libraries in the UK researching our families.

We miss her deeply.

Carolyn, Alan & families
