

Darrell William Bennett

JANUARY 30, 2014

Darrell William Bennett passed away Tuesday, January 28, 2014 in Calgary, Alberta, following a courageous battle with cancer at the age of 79 years. He leaves his loving wife of 59 years, Patricia (Roberts) Bennett; his daughters, Stacey (Howard) Morison, and Lisa (Ross) Harriman; his sons, Barry (Patricia) Bennett and Scott (Connie) Bennett; ten grandchildren, Erin (Brad) Hurkett, Devin (Ashley) Morison, Jeff Harriman, Robert (Lynette) Harriman, Brian Harriman, Dustin (Cheri) Bennett, Marty (Sharleen) Bennett, Mitchell (Sara) Bennett, Lainey Bennett and Sierra Bennett; six great-grandchildren, Salix, Asha, Reese, Will, Mason, and Van; siblings, Doreen (Swede) Becker and Gary (Debbie) Bennett; and many close friends. Born in Galahad, Alberta, on May 27, 1934, Darrell's entrepreneurial and innovative spirit culminated in a very successful, rewarding business career spanning the globe. In his early years, Darrell worked in his father's garage, learning valuable skills that served him in future endeavours. After graduating from Killam High School in 1952, he started his lifelong journey in the drilling industry. In 1954, he married Pat, whom he'd courted since Grade 5. In 1957, Darrell seized the opportunity to work for Petrobras in Brazil. It was during this time that he honed his drilling expertise and developed his managerial skills. Upon his return to Canada, he pursued and ultimately achieved his goal to own a drilling company. During these years, he was involved in designing and developing a drilling technique and associated tools that resulted in 37 patents that revolutionized the drilling industry. He successfully completed many projects

in both the domestic and international markets. His work with DeBeers and other contractors in South Africa flourished to the extent of opening a branch office in Botswana. He not only took pride in his business, but truly treasured the friends he made during his time in business. Over the years, his expertise and reputation led him to be sought after to solve many difficult and varied drilling projects. Darrell had a strong sense of civic duty. He was involved in various community groups such as the Lions Club, Curling Club and Community Association. He served as the Mayor of the City of Airdrie for thirteen years (1970-1983), retiring only when he felt he could not do justice to both the growing international demands of his business and the City. During his tenure, he enacted many positive changes that still benefit the City. When Darrell retired he became an avid golfer. He was very proud of his three holes-in-one in his brief golfing career. He and Pat thoroughly relished retirement, enjoying family and vacationing around the world with their many friends. Darrell dearly loved his wife, family and friends. A man of quiet strength and confidence, he embraced life with passion, love and caring. He was hard-working and humble. May his soul rest in peace and his memory rest within our hearts. The family would like to thank both Airdrie Home Care and the Blood Services department at Foothills Hospital for their care and attention to Darrell. A Celebration of Darrell's Life will be held on Monday, February 3, 2014 at 1:00 pm at the Town and Country Centre, 275 Jensen Dr NE #103, Airdrie, AB. Memorial tributes and flowers are gratefully declined.

I first met Darrell at the Inglewood Curling Club 44 years ago. We curled on different teams in the Kno-Account Curling League. He had just become the Mayor Of Airdrie.

After he acquired Tiger Torch he became a very good friend and customer to me. I really enjoyed our visits over coffee, lunches, and later golf games together. He never tired of my questions about his world and business experiences. His advice to me on business and personal matters was so helpful. I regret I cannot attend the Life Celebration. My deepest sympathy to all.

Rest in peace Darrell.

I worked for Darrell from many years and have many fond memories of him. He was helpful and kind as I progressed through my drilling career, starting at the bottom and working my way up, always taking the time and patience to mentor and give advice.

Darrell was an exceptional, brilliant, kind man. I will miss Darrell's pleasant demeanor and stories. He was always kind to me and I enjoyed playing golf on the Tiger Torch team at Woodside. I cannot express in words my sorrow and at the same time the wonderful years he must have had with Patricia of 59 years and all the children, grand children and great grand children. All of us that have met and conversed with Darrell were blessed to have known such a man. We all aspire to have lives as rich and full as Darrell's. Good bye my friend.

I met Darrell many years ago while working for the senior management team at Longyear; over the years I have met many people in the mining industry and Darrell always stood out to me as one of those "top notch" men - who treated everyone with respect and kindness and a smile. My thoughts and prayers are with his family. Brenda
