## Messages of Condolence

My heart and condolences goes out to the family. Sorry for your loss. Auntie Betty will be missed.

— **Todd Robinson**

Our condolences go out to the entire family. I've known Betty since I was about 5 years old. She was always like a second mother to me, but the thing is it wasn't just me, she treated everybody this way. I can attest to her wonderful cooking and baking as we were always treated to wonderful things to eat when we were over, and I was over a lot. The world was a better place with Betty in it, she will be missed.

— **Darnell & Michelle Ogrodnick**

I clearly remember the day that Bryan brought me to meet the family. Betty welcomed me with her warm heart and our connection grew until the day I became her sister in law...it changed to a sisters love. She loved her family fiercely and worried about any health issues that arose within them. She was a born caregiver. Betty never really recovered from the loss of her soulmate and love of her life Bob. My heart is full knowing she is now reunited not only with the love of her life Bob but her entire immediate family Dan, Irene & Bryan. I will miss you my dear Sis ☐

— **Heather Nesbitt**

I spent the summer of 1973 in Regina with my family, visiting with Bob, Betty, Pam, Cindy and Greg. My dad (Bob's elder brother) was working as a foreman for a construction job in downtown Regina. I always found Aunt Betty to be warm and inviting, the very hearth of a loving home, and the best part of our visit to Saskatchewan. My empathy to Pam, Cindy and Greg. I know how much it hurts to lose a loving parent. Love, Shannon
