You have always been there for me, Mom, in your own special way. To offer support, to give me confidence and lend me courage to meet the day!

You will always be in my heart

Not a day goes by that i dont think of you, theres many days where i wish i could pick up the phone and call you and have one of our many heart to heart talks... now i find myself talking out loud cause i know you may not be able to answer me but i know your listening.. you were always the best at that. I miss you Gram everyday and i know your up there watching over us all. Thank you for always being there and being the most beautiful lady i know. Its still hard with you being gone, but i know you will be there with open arms waiting for me when I see you again.

Love Tom
