Florence Cecelia Borgens

JUNE 10, 2021

It is with heavy hearts, we announce the passing of Florence Cecila (Greene) Borgens. Florence left us suddenly but peacefuly in her sleep on the morning of Tuesday, June 10, 2021, at the age of 65. In life her primary focus was the selfless care of others; her family, her patients, and her parents. We will hold dearly the memories of Florence playing her guitar at family gatherings, wearing her Willie Nelson bandana and singing hopeful hippy music in her sweet voice. A memory that will last for us forever. For those she cared for as a nurse, she will be remembered with her caring touch, attention to their needs, and above all the way her face would light up when she greeted them each morning. She leaves behind her best friend and husband, Richard; her children, Matt and Stephanie; her brother, (Larry); and sisters, Cathy, Patricia, Mary, and Theresa; and her grand-daughter, Summer, and grand-son Kaysen. Plus brother in-laws, cousins, nieces and nephews, as well as great nieces and nephews. She was loved by many and will be missed so very much. Someday we will see your beautiful face again in the house of the rising sun

Messages of Condolence

Florence, I never told you how proud I was to have you as a sister and how much of an influence you were in my life. You modeled what it meant to be a strong, determined and caring woman at the same time having a free spirit and love for life and music. It always amazed me how much you cared and loved your patients or should I say your friends, as that's what they were to you.
The world has indeed lost a very giving, thoughtful and caring person. I will always remember you as my Florence Nightingale. Rest in peace, Flo!

Will miss you my friend. We have so many fun memories from the past 23 years. Saving a Newfie from barb wire comes to mind, your kind heart and our years of swapping books amongst your family and me. Be at rest we have always and will always love you. Dave & Penny Lock

Florence, I remember one day at work there was some funky music playing in the dining room. I started dancing and you boogied over to join me. Kitchen staff came out to watch….and the residents sat there just grinning and enjoying the spectacle. Rest in peace, Flo.

"We little knew that morning
That God was going to call your name
In life we loved you dearly
In death we do the same
It broke our hearts to loose you
You did not go alone
For part of us went with you
The day god called you home
You left us precious memories
Your love is still our guide
And though we cannot see you
You are always by our side
Our family chain is broken
And nothing seems the same
But as God calls us one by one
The chain will link again."

You are free
You are the wind
You are the brezze
You are the warmth
You were here
You lived
You loved
You sang
You were you
you mattered

I love you so much big sister
And it hurts everyday
I miss you and wish you were
Still here
I can' t believe you are gone
I wrote this for you
Someday we will be together again

— Mary Borgens

It's a special calling. Some women “aunt” as second mothers, friends, or teachers. They give an extraordinary kind of love to their nieces and nephews. Parents teach and advise their kids, grandparents spoil them, and aunts provide all of this to their nephews and nieces.

My Aunt Flow did exactly this for not only me but the rest of her nieces and nephews. May you Rest In Peace Aunty Flow

Love your nephew Brett Greene

— Brett Greene

I was saddened to hear of your moms passing Stephanie and Matt. I’m so very sorry. I’m thinking of you in such a sad time. Sending huge hugs!
