

# Eric Brais

MARCH 3, 2021

It is with sadness that we announce the passing of Eric Brais on March 3, 2021. Eric passed peacefully following a brief battle with cancer.

Eric is survived by his children Hannah and Daniel, as well as his siblings Jane, Philip, Anne and Michael.

Eric was known for his larger-than-life and gregarious personality that always came with a big sense of humor. He carried a love for good food and drink, and always took the time to enjoy the finer things in life. He enjoyed a long career as an enterprise architect and will certainly be remembered for his great skill within the field.

Eric did not wish for a funeral and his remains will be returned to his home in Montreal.

The family thanks all who have already expressed their condolences and support, as well as Alternatives Funeral and Cremation Services who have been exceedingly supportive in this time.

## Messages of Condolence

Like a bolt of lightning.. Rest in Peace Eric.. you made me laugh :-)

— **Kevin LeBlanc**

Eric was a great guy. Worked on his car a few times and had a beer or 2. We both moved to central Canada at same time. He Sask and me Winnipeg.

He always spoke of his children. If the kids are reading, I was the guy who got the impact gun set for your Dad as it was a great deal and he was working and the only ones left were in the east end of Montreal.

— **Craig Pearce**
