Messages of Condolence

My deepest condolences on the loss of your dear Mother. Your Mom was a great neighbour to my Mom many years ago, they spent many an hour over coffee and conversation. I had the pleasure to join them once in a while. I am so glad she was able to attend so many of our bbq's. It was a lot of fun to talk with her and reminisce. She will be missed by so many, but mostly by her family. I know you can take solace in all the memories you have with her.
Robin Kuntz and the Templeton family.

Dale & I send our deepest sympathy to you Diane & family on the passing of your Mom. She was a special person & will be missed by many.

Diane

So sorry to hear about your Mom. My folks - Dorothy and Dean have just relocated to Regina and they were talking about getting together. So, it was a shock to hear of her passing, they talked in August. It has been a long time since the Balgonie years!
