

John Elmer Carlson

FEBRUARY 17, 2024

On February 17, 2024 John Carlson lost his battle with cancer. He leaves behind his loving wife Bonnie, son Shawn and dog Nikki. He also leaves behind his brother Clare, many brother in laws and sister in laws, numerous nieces and nephews, great niece's and nephews, to many to name.

John was a very independent, strong, smart, proud person. He loved Ski Dooing in the winter and when he was able, golf in the summer. He liked to create things and keep active. His garage was his sanctuary. If he could fix something without calling a professional it brought him great pride.

He was a great runner in school and liked his fanatics. He will be greatly missed but life has to go on. He would want that.

So sad to hear of John's illness and then passing. His mother and mine were sisters and good friends. As young children we spent time together while the sisters/aunts would visit. Condolences to his wife and son.
