Messages of Condolence

Wow, this is so shockingly sad. I started at Transit when David was still Preston Parker. We gave him the nickname "Peep", and I still did whenever I saw him. It kinda suited him back then. I was in the same Grief Support Group as "Peep", my partner passed around the same time as his wife. He was so incredibly sad, I related so much, but he too was struggling to move forward. It's a nice feeling to know they are now reunited. Thoughts of love to "Peep's" family. He was a fun guy, he will be missed by many.

Dear Joanne, Barry and Ulrich FamiliesIt is so sad to lose David way too soon; he obviously was much loved.....We lost touch as children but I recognize his beautiful smile from when he was a youngster. I feel I know him better after reading the beautiful tribute to him and am heartened to know he was surrounded by loved ones. Be at peace David.CousinValerie
