Eva Isabelle Deneve

MARCH 1, 2025

Eva, a cherished member of our family, will always be lovingly remembered for her kind heart and dedication to all those she loved. We could always count on her to be our loudest cheerleader, biggest supporter and the place to find comfort. Eva's greatest accomplishments and pride came from helping others and bringing people together. She was never happier than when she had a house full of people with plenty of laughter, reminiscing about the good times and serving up her famous potato salad. She was gifted with always understanding what was really important, letting go of the small stuff and fighting passionately for what she believed in. She was ready for any challenge and showed us all what courage looks like.

Eva we thank you for being a guiding light, an inspiration and a voice of reassurance through every part of our lives.

Rest easy Eva. We will keep the legacy of your love, laughter and kindred spirit in our hearts always.

At Eva’s request, there will be no funeral. A private family interment will take place at a later date.

She was my sister with more love than you could ever imagine with a heart that was bigger than life itself. Eva looked after my family long after our parents, who left us all to early in our lives.

Eva I am missing you so very much, as we get older it seems as if our physical families spread apart with our busy lives. You were one of the most warming and welcoming person I have ever known. You and jigger always opened your home to vistitors and put on a spread of food. We always had a fun time when we were with you. We've had great times with your family and ours camping, weddings, Christmas, and whenever our families blended. I could never imagine not having had you in my life to make the memories that I have of you. Thinking of your family not having you present is extremely saddening, keep strength Jigger, Terry, Daniel, Monique and the grandchildren who are such cherished loves of Eva's life. Love Claire
