

Carol Devitte

JUNE 16, 2021

The earth truly lost one of its angels this week.

My wife was a truly special woman who didn't have a bad bone in her body. She treated anybody who was close to her kids and grand kids as family. She wasn't just a mother to two kids. She was a mom to dozens of people from all walks of life. She was indiscriminate in her love for all people and animals. From running administration for His Grace Orphanage and sponsoring those in need in Uganda. To running a dedicated server online for kids with special needs so they could have somewhere to play and join together. She brought light into all those she touched. I'm grateful for the time we had these last several years. I couldn't have been prouder to call you my love and soul mate. There is no one who can replace the beautiful person you were. I was blessed to have such an amazing woman in my life and I thank you from the bottom of my heart. I love you Carol.

May you rest now and watch over us. I will always have you with me, now and forever.

Messages of Condolence

Words cannot truly express my grief at your passing. Not only were you my mother, but you were my inspiration to be the person that I am today. Without your love and guidance, I would not have achieved all that I have. I miss you mom.

Brian everything you said about Carol is so true. She was love. Carol was the most loving and caring woman I knew. I miss her so much. I went to school with Carol we were very good friends. We missed a lot of years getting married and changing our names.. I finally found her through her brother Roger.. We talked everyday and the most exciting thing is we both love our Lord and Saviour.. Carol might have left this earth but she will always be with me as well.. Carol I will meet you again...I love you Carol

I've never forgotten how excited you were to feed us your special soup, when we were kids. Thanks for your love and smiles, that always showed in your eyes. May your love always live in the hearts of your family and friends, as it will with me.

A woman with a beautiful soul, is how I would describe my sister Carol. Positive, caring and thoughtful to all those around her. That in itself, made her an exceptional person. She endured many hardships and struggles over her lifetime but always managed to persevere. Even though we were miles and years apart, we always had a close and loving connection. She truly was a wonderful, kind person with a heart of gold. I will miss our laughter and conversations. Carol I will love you always and forever.□
