## Messages of Condolence

Bev was one of the most beautiful souls I have ever known. She was a Mother and friend to me in my time of greatest need. She always will live on in my heart.

Bev was my Homestay hostess in 2003. She was like a family and gave me the best support. Bev was a great friend and I will miss her and love her forever.

— **Laura Lei**

Bev was a very good friend to me for a long time we fostered together, travelled, spent holidays with our families, cooked dinners, had friends over to each other's houses. Sort of in each other's pockets. So you can see I am at a big loss right now and miss her so much. She used to make the whole room come alive when she walked in. Good friend, great foster parent, lovely person I know she is not in pain now and that is wonderful. Miss you, Nancy

I met Bev at the age of 16 when my parents moved us to Watrous. Bev was the best person that I could have met as a teen as she was always upbeat and fun to be with. She introduced me to other young people and one person in particular has become my friend for life. I will always remember Bev and sad that she left us so early.
