Messages of Condolence

My whole life growing up, Anne (& Rachel) were our neighbors in the pink house.

I remember wanting to use their toothpaste instead of McLean's because they were so nice!

Anne was lovely and clever and interesting and had a great sense of humour (and the same name!)

It's a pity she didn't quite make it to 100 s she wanted, but she gave it a good go!

My heart is happy that she is now free to explore the heavens, but sad she is no longer here.

Lots of love,

Anne Robley
