I remember Velma so fondly from her days running her craft store in the Normanview mall. She help me put together my flowers for my wedding , and she was such a comfort to me when my mother died before I wed. Your mom and dad were such a great team together then. It is wonderful to know she had such a large extended and loving family and I'm sure you will all be comforted by your memories of her. She was a lovely lady: may she Rest In Peace eternal.
