

James Forest

OCTOBER 28, 2024

With great sorrow, the family of James Forest announces his passing away in October 2024.

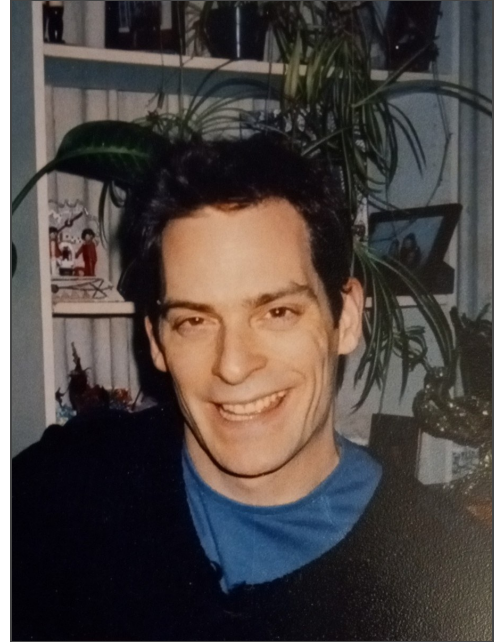

A tender-hearted, kind and generous person, all his life Jim had a wide and welcoming smile for everyone.

He read widely, especially the philosophers, and was deeply concerned about the future of both democracy, and the health of the planet.

A talented musician, composer and poet, music defined who Jim was and was the great love of his life.

Beloved partner of Patricia, Jim was a dearly-loved father, son and brother, who will be forever missed by his family, his aunt, uncles and cousins, and his friends.
