Killer was a big part of my childhood. I remember him visiting our house all the time, coming over for bbqs that seemed to last all weekend. I remember going camping, and he used to try to sing me to sleep. Killer, along with his other close friends, were protective of me and I felt safe with them around. My memories of you will be cherished. Thank you for being s part of my life.

Heather, aka, The Rotten Little Martin Kid.

What a huge personality inside this bear of a man!

I met "Chummy" as we nick-named him, in the summer of 2009 when he was pipelining in the Moosomin, SK area. He rented a room from my friend Heather and we had so many laughs together. Chummy was the kind of guy who would give you the shirt off his back and never expect anything in return; if he couldn't do you any good, he certainly wouldn't do you any harm. He stayed in touch with me thru phone calls and it was always good for a chuckle when he'd call.

He called me whenever the RIDERS won a game just to remind me that he was cheering for them too! Sorry you won't be able to carry Heather & I up the slopes of Machu Picchu Chummy, but you'll be seeing the view from the top where you are now.

Keep your stick on the ice Peter Scott Fraser - Luvya - RIP

Killer - I have known you for so many years and have so many fond memories of you that I will cherish for many years to come. Your appreciation for the goodies at Christmas time with that awesome smile and "thanks Councillor" was all I ever needed. And - you always returned the platters saying we couldn't get refills if we didn't bring them back. RIP Peter - you were a gentle soul that did no harm to anyone in your life. You will be greatly missed my friend.

I am so very sorry for your loss Gerry and Robbin.

My fondest memory is the fun we had on Killer's Krew! Peter made playing ball a real meaningful experience for me. True team work. Everyone was important to him. I am thankful to him for that wonderful memory!

RIP Killer, God Bless you.

— **Nancy**

Peter.....we sure had lots of laughs. I truly enjoyed the time you spent with our family. I will always remember what a loveable nut you are! Be at peace my friend!

It pleases me so very much to see just how much joy, love and respect that there is for my brother Peter. He joined our famiy at 9 and while it took awhile for all of us to meld, a family we became. My boys loved their Uncle Killer, loved being a part of Killer's Krew. Many fine weekends were spent together. I will miss those late night phone calls from Peter saying ""I'm coming for a visit - via Mexico"" - then he would laugh. I am sad that he has left us way too soon, but hold many happy memories in my heart. Hoist a cool one with Dad, Bud and Ken - give Mom a hug... :)
