Frederick Archibald

MARCH 11, 2025

Frederick Archibald

It is with deep sadness that we announce the passing of Frederick Archibald, on March 11, 2025, at the age of 57. Fred was a larger-than-life presence, known for his outgoing spirit, warmth, and his ability to strike up a conversation with anyone he met. He had a heart of gold and was always ready to lend a hand or offer the shirt off his back to those in need. His love for others was boundless, and he made a lasting impact on everyone who knew him.

Fred's journey in life was not without its challenges, as he succumbed to his health issues, but he was a fighter who never stopped caring for those around him. He leaves behind his siblings Stephen, Bryan, Jayme, Shanda, and Corey; his beloved child Jen; three stepchildren, Ember, Ben, and Dellena; and an adopted daughter, Cheyanna—each of whom he cherished deeply. He is also survived by his loving mother, Vivian.

Fred will be remembered for his infectious laughter, generous spirit, and unwavering love for his family and friends. Though he left this world too soon, his memory will live on in the hearts of all who were lucky enough to know him.

A celebration of life will be held to honor Fred's life. In lieu of flowers, the family requests that donations be made to local addiction support organizations in Fred's name.

Messages of Condolence

I love you so much and I hope all your pain you had is now gone. You may rest and get your wings and fly away to be with your missed loved ones who have been waiting for you to arrive . We'll rest sweet uncle you were amazing inside and outside . You are in my thoughts and always will be remembered.. CAMPBELL FAMILY. MUCH LOVE ALWAYS

— Campbell. Christine

I have no words pal. We shared Canada together for many years. From the Rolling Stones. To the limo to phantom of the opera. You'll always. Have a good laces in my memories... Luv you always ..Rest in Peace. Finally the pain is over .
