Messages of Condolence

Dear Mom

Thank you for everything you did for me in your role as a Mother. You kept me, protected me, made clothes for me, fed me and, in general, just gave to me as a Mother would. For all that, I am grateful. Your life was not an easy one, but being an amazing force of nature, you were able to withstand many challenges that came your way. Now you don't have to withstand any. The battles are over and so is your suffering. Now you can rest. As much as I have been told and understand it, I still find it hard to believe that you are no longer here. You once were such an integral part of my life. I will never forget the unique strength of your character which was considerable. Rest in Peace Mom. Paul.

Dearest Auntie, You were always one of my favourite of two aunties! You were always kind or firm with us. Always showed your love and pride for family. I know some of the people in your life were self centred, selfish people who lacked education or empathy. But someone how you always smiled and kept going. Doing what you could for the community in the little things you did, like knitting slippers for the hospice. I always thought, when my mom would bring me to visit, our (mom and I) visits were special. I will always remember when i was only 3 or 4 and you and my mom wrapped me up early, early in the morning and put me in the back seat of the car; we drove for hours. way out in the country. Where we came across a small lot of tree's. You said, "here we are!" I was amazed, there was nothing there but a path into the tree's. But you knew that path lead right to Grampa Georges hunting camp. That day was so special. You, my mom and Grampa George forever in my memory. Forever my special memory of the three of you. I know you are busy in the next world, as you were busy in this world. I am glad you are in a better place now. All three of you sisters together again now. Miss you auntie. See you in the next world when it is our time to come. My forever love. xo
