Messages of Condolence

I remember Kris from a long time ago when she was a hypnotist. I worked with her at many bars and nightclubs over a couple years. We toured BC and Alberta. I always enjoyed her company as she was always upbeat and optimistic, unfortunately Kris did not have an easy life by any means and went thru far more misfortune then the average person. She never deserved any of it. It makes us all realize how lucky we really are. In her obituary it says her daughter Kaitlyn, who I do remember when she was young also passed away.....how did this happen?
