Michael Harry William Hall

APRIL 23, 2022

Please leave words of love and support for the family.

Messages of Condolence

I used to spend my Saturdays with Mike and his family when Susan worked with my parents Anita & Alishan.

Mike and his family were so good to me, I remember- Don't call me partner!- having cinnamon toast in the Kitchen- Mrs. Hall's collection of Owls- Stephens Bees on the roof in the back- the excellent record collection-Being a pain in Robyn's behind-:)-Leah's new born baby. So many great memories!

Mike used to let me tag along, he was the big brother I never had. I remember when I was 12 calling Mike and asking if he was going to the David Bowie Concert at BC Place? He said, Ya, you want to come along? So I tagged along with Mike and his friends. He was my friend.

To everyone Mike shared his smile. My parents and I are so sorry for your loss!
