Diane will live on in the hearts of everyone lucky enough to have had the opportunity to have met her. I will never forget her huge heart and the kindness and love she extended to me when we first met and the opportunities she opened up for me that eventually led me to the life and happiness that I am now lucky to have. My deepest condolences to Michelle, Corey, and Nicole. Please take comfort that she is now at peace and her body is no longer burdened with such a cruel disease.

I attended the services today for Diane, my sweet friend I had wanted to say some things about her but was unable - we hit it off right away. We had a good time she was lots of fun up beat and always willing to help out anybody, she was just like a sister to me. We moved to BC at the same time and moved in together - Her, my Mom, daughter Andrea and myself. The Golden Girls, we had fun - my Mom would have dinner on the table for the 4 of us after work and we'd sit around yaking and having fun. My Mom really cared deeply for Diane and the two of them would do things together, but eventually we all went our separate ways however always kept in touch. Diane was a great help to me when my Mom passed away in fact she took quite a few of her clothes I guess she liked them and they reminded her of her 2nd Mom. Over the years as with everything time passes and we don't get to see our friends as much as we would like and my regret is that I wish I would have made more visits to see her. But Michael- my son said to me - now Mom Diane is now in Heaven with Nana having fun once again. My sweet girl I'll miss you till we meet again.....

Diane was my childhood friend and my cousin. We had so much fun playing together. I shared time, memories and joys with her. Beyond the darkness there is light and beyond the sorrow, peace. Wishing you all everything you need to get through this difficult time.

I take this time to again pass along our condolences to the family of Diane. So happy Diane and I got to visit for 2 days two weeks prior to ... we had many many years of catching up to do. First cousins should not be apart as long as we were, but life happens. I was so honored to be accepted by her family and friends and to have brought Auntie T along with us. Auntie was sad like we were, but also happy to meet up with and talk to her family.

— **Randy Labatte**

My condolences to all of the people who she touched in her life. My beautiful Mother..... my best friend..... always so kind, genuine, giving, non judgmental, so many bright positive things you were. Everyone was always put before her. I will never stop missing you

— **Nicole Harron**

To a lady or to me (mum) who is dearly missed, and will be until we meet again, I have never met anyone with a bigger heart, and cared about people more, you could always count on a big smile and lots of laughs when Nicole and I were there, and I can't even tell you in words how good the dinners were (could never just have one plate) looking back I realize how lucky I was to spend the time with her, I will never take the memories for granted, also we can be reassured that a piece of mum is still with us in Nicole, Michelle, and Cory... which I'm very grateful for, you were truly one of a kind!!! Love and miss you

— **Troy**
