## Messages of Condolence

My deepest sympathy goes out to Bob's family. Bob was like a dad to me. I use to clean his home (outside of GP) and whenever he needed his duplex cleaned up. I've known him since I moved to GP. I also use to work for him at the Stanford Inn. I will miss him forever and may he rest in peace. I will remember everything he taught me to be me.

Our heart-felt condolences in hearing of Bob's passing to his family. We will miss him dearly and have since losing touch with him since his move into BC. We had many good times and companionship with Bob since our meeting at the Stanford in the early 90's. He was always there to help everyone and anyone at any time.

Rest in Peace Bob

Love Donna and Herb Spreu

Deepest sympathies to all Bob's family. Bob will be missed by all his Kimberley Rotary friends and all the PWA crews who he "policed" at Edmonton Municipal! He gave us many delightful memories.

I am so stunned by Bob's passing. He was a close friend of mine since 2000, and i had the privlidge of dating him a short while then, and getting to know how good he was around animals. I spoke with him last month, and he mentioned his knee was killing him, and that he might have surgery. Could anyone let me know what happened, and if Brandi has a good home.??? I am so sad, and grieving, but you all are far away... I would hug you if i could.....

Also, on the business side, he is the lein holder on my land in Arizona. I make my payments to a local bank in his direct account, but they did not know he passed. So could anyone let me know who will be handling his estate???? Sincere thanks, during this very sad time...Glory Douglas babybuyinaz@gmail.com 602-828-6370 or 928-420-1740
