## Messages of Condolence

My sincere condolences I am so sad to hear this news. I worked with Candace For a few years. she was a wonderful caring person with a fabulous sense of humour. she always talked about how great her Kids were and the funny things that came up in their day to day lives. It was clear that she loved them more than anything in the way she spoke. I know she will be dearly remembered and sorely missed by many.

I worked with Candace several years ago at Studio Y. She was a great co-worker with an awesome sense of humour. My deepest condolences for her family and friends.

**— Jessie Johnsen-Carr**

My deepest sympathies to everyone whose lives were touched by this bright light. Candace and I worked together for a few years and she had a smile and laugh that could light up a room - she was always eager to boost morale when it was lacking.

When Candace started working with me she was terrified of using the tablesaw in my woodshop, but I eventually got her to consent to training with me to use it properly and safely and I will never forget the look of pride on her face when she cut her very first piece of wood on that saw. I remember her telling me that she couldn't wait to tell her dad because he was going to be so proud of her.

Candace you will be sorely missed.

Sending our deepest sympathy to all of you.
