I knew Julian since we were teenagers he was always such a fun loving guy. He loved music and video games among other things. Upon remincing I have been thinking about all the good times we had which are too many to name. He was there for me through many difficult times and as was I vice versa. He had a good heart and a sense of humor. He was always very welcoming and an awesome host. Very helpful and insightful and extremely smart. He gave me some good advice though I didn't always listen. That didn't matter cause at the end of the day I knew he cared and so did I. This is the longest friendship I ever had and there will never be another friend like him. I pray peace and comfort to the family as well as his friends. May God wrap his arms around you during this difficult time. May we always remember the good times.
