Messages of Condolence

I've known Mike since He started his real estate career some 30 years ago. Just a classic act guy that I was proud, pleased and Honored to call a friend. He Lived, He learned, He loved, He left a legacy.

Micheal showed tremendous bravery, courage and willpower in his battle.
My sincere condolences to his loving wife and family.
He will be missed and remembered by everyone who knew him.

— **Robert Kelsey**

In my high-school and university days, I considered Mike to be a great friend, and I never lost that feeling even though we didn't communicate much except to send each other birthday and Christmas greetings. At one point when Mike had nowhere to live, he stayed with me at my parents' house, and we later shared a house in downtown Saskatoon with other friends. He visited me when I moved to Edmonton and again when I moved to Vancouver in the 1980s, but unfortunately I didn't see him again after that. I will always remember him as a charming rogue who seemed to be loved by everyone who met him. My condolences to Mike's family and friends.

So surprised and deeply saddened when I learned of Michael's passing. Michael and I were business partners and above that friends for many years prior to our business partnership. As many people have mentioned, Michael had the ability to be liked by everyone who he came in contact with him as his fabulous smile and outgoing personality was alluring. As business partners and friends we spent much time together over the years and I have nothing but fond memories. Gone too soon but never forgotten. My sincerest condolences to his family. Rest in Peace Michael and thanks for being you.

— **George Paul**

Michael and I were good friends and had lots of good times together in the 70s and 80s. Handsome Michael was a great guy.

All the best to his family during a tough time.
