Messages of Condolence

So sorry to hear about Wolfgang. Big hugs for you.

Dear Rachel and family,
Kathy and I would like to express our deepest sympathies to
You and your loved ones. We were shocked and deeply saddened
To hear of Wolfgang's passing. It grieves me much that I did not have contact
With him these past few years. Wolf was a trusted worker who always
Looked out for me and my best interests throughout the course of a working day.
He always told me that his job was to make my job easier and he certainly
Accomplished that! I also very much appreciated the little personal things he
Did for me like helping me put together a birthday CD for Kathy's 50th. (the
technical part of course!) Also I still have and
Treasure many of the staff Christmas presents that I received over the years and I
know for a
Fact that he was the instigator behind them! We were extremely happy for him
when you
Came into his life and are very sorry that your time together was so short.
We will all miss him very much.

Sincerest Condolences, Kathy and Henry

Hello Rachel and family,
How sorry I am to hear of Wolf's passing. He was a great thinker and worker. I was
always amazed how he could put a range hood together using all the angles and
compound angles necessary to make a great looking product.
Rachel, my heartfelt sympathy; grieve well, heal well. I wish for you all the best life
has to offer as you move forward.
Annette.
