Messages of Condolence

Rest in peace. Together again with Bill

— **Brian and Sheila Karnes**

I met Madge in 1975, when I stayed with my aunt Norma Dohlen. I was happy to work with her in the Earl Grey pub on the weekends, serving drinks.

She and Bill were the only people who visited me when I was teaching in Tumbler Ridge, BC.

We kept in contact, until the last three years.

I am sad for me, but happy for her that she is at rest, and rejoined with Bill.

To Madge's Dear Family, extended Family, and Friends

I am so Thankful that I got to spend precious time with Dear Madge, over the last several years. She was an amazing lady, I will miss her.

She so loved you all, and missed being out and about, and seeing those she loved.

May she rest in peace, "God Bless, take care of yourself",

as she would say at end of a visit or phone call.

Sincerest Sympathy.

To All of Madge's family:

She was indeed a very special person. She was the first one there to help when our mother became ill. The times I got to visit her in Santa Maria she always was so grateful for the visit and thanked us often for coming. She always said that she knew we had other things to do so she appreciated the visit so much. Upon leaving her final statement was "God Bless You and take care of yourself" and "Drive safely". May she rest in peace!

Madge, I'm so happy & proud you were part of my life.

You & Bill we're like grandparents to my kids.

Rest in peace, you definitely deserve it!!

— **Warren Winters**

To Linda, Paulette and Aubrey and your families, I extend my deepest condolences. Your mom and dad were such dear friends and I always enjoyed hearing their stories especially those about how they met and married in England. I always enjoyed catching up on what all of you were doing when I went to visit Madge. She was so proud to show off your pictures and to reminisce about our families and community. My favourite story was about the first harvest meal that she helped prepare just after arriving in Canada! Hers was truly a life well lived!

— **Debbie Johnson**

My deepest sympathy to Madge's family. I have such great childhood memories of her as the Kiel family farm was a short distance from our farm and we saw a lot of Madge and Bill and their family during my childhood -- be it on the farm, at the community hall or rink, at church and other community events, or later, after I left Saskatchewan, dropping in for a cup of tea or coffee with her and Bill. Madge was a character, full of laughter and love. She could, of course, be firm -- as we kids would find out if we strayed from good behavior! But she was always loving and warm and welcoming -- a beautiful soul.

— **Betty Rumpel**

Aunt Madge is how I knew her was a wonderful woman. Always caring and helping others. I enjoyed visiting her. She lived a good life.
