I was deeply saddened to hear of Bonnie's passing. She truly had a heart of gold and was an incredible source of comfort and cheer during my time as a graduate student at the UofC. My sympathies go out to her friends, family and colleagues.

Bon, you were such a fantastic friend to work with at the U. I always enjoyed our countless talks about 'our graduate student children', work (the ever increasing workload...lol!), life outside of work, our own children, lessons learned (and not learned)... I loved the fact that you called me Con to rhyme with your Bon! You always had a smile on your face and took the time to lend a listening ear regardless of how busy you were. Thanks for the memories and the laughs. You will be missed. Connie

Although we only met a few short years ago I was looking forward to our friendship to grow. I will miss us sharing a dram together in your back yard by the fire with our friends. When I hear a banjo playing I know you will be near!!!  
My deepest sympathies to Vance and family members.

We student of University of Calgary love you so much. You gave us the human touch at the University of Calgary. We miss you. We will always be your children. Its hard to believe that we will not see you, but we know that you are still with us. And telling us to be happy and enjoy the life. We will do what you wanted us to do. You are still with us in our heart...Kalpana

To Bonnie's family and friends,

I was so very saddened to learn of Bonnie's passing. This is a deeply felt loss. Once a student in the University of Calgary's Department of Chemistry, I so appreciated Bonnie's help and sense of humour! My sincere condolences; please know you are in my thoughts.
