Dear Richard,

We were so saddened to learn of Betty's passing. For the short period I taught in Regina Catholic - I seem to recall I spent most of those years working with you.

Marg and I remember the good times we had with you and Betty during those early years. Of course your children were very young then and we haven't come to know them as adults. We extend our sympathies to them in the loss of their mother - a wonderful, warm, intelligent woman. Marg and her sisters (Lee family) knew the Murphy girls from their times together at Sacred Heart Academy. We extend our condolences to them in the loss of their sister.

Our association goes back a long way and we will remember you and Betty's family in our prayers into the future.

— **Margaret Lipp**

Richard, I heard of Betty's passing through Gabe. My sincere sympathy to you and the family.

Just knew of Betty briefly. Remember hearing how she tried to help brother Dan with reading. It was obvious that she was a helper for one and all. Many thanks Betty.

I'm sure there are many good memories to carry around in your heart. She will be with you always.

My thoughts and prayers are with you all at this difficult time.
