I only knew Jason in an online game called Wurm. We are all so sorry for your loss. He was a great person, always so kind and helpful. I founded a cat shelter in real life and Jason would find ways to contribute to my work with spay/neuters. He will be missed very much.

I'm so sad to hear of his passing. I only knew him through a mutual game online but he was a wonderful person. I would like to post a link to his memorial thread in our community for you to hear how he positively affected our lives.

Jason was a dear friend of ours in an online game he played with us called Wurm. We knew him as Duce, and he was a beloved member of our little community. Many times when I was ill in hospital Jason would reach out to me personally to send his best wishes. He was one of the most caring and hilarious individuals I've personally ever had the pleasure of knowing. He was quite a father figure in our little online community with a great sense of humour that always brought laughter to our lives. There will forever be an empty space in our hearts left by his passing. We're all doing our bit to mark the memory of Jason aka Duce in the game he played with us all.

If our community can offer any help to Jason's father, Ed, whom he often spoke fondly of with us, please let us know at <http://www.kyara.us/index.php> and we will help all we can.

Sincere condolences to all friends and family, we're deeply saddened by yours and our loss.

— **Tom**
