Messages of Condolence

We're so sadden to here of her passing, Although she is my older sister, I did not have much contact with her, mostly because of age and generation difference. I know that most of my older siblings knew her better and her passing will effect them differently.

With that said, I'll always remember her as a kind and loving older sister, that cared for me in my infanthood. almost like my mother.

I will remember you, Always.

Your little brother Jeffrey
