Ricky was as a genuine, and honest friend. I looked up to Ricky when we were young, and I will always remember him as a charismatic, and caring person. We lost touch as we got older but whenever our paths crossed, he expressed an interest in my life and was sincere about catching up. He had such an energy about him I never would have guessed he was hurting. I wish I had made an effort to catch up and am filled with regret knowing I never will. Where ever you and Randy are, I know you're together and definitely getting up to no good! RIP Ricky

Growing up together for the last 17 years has been filled with some of the best memories of my life a very close second to the birth of your niece and nephew, we may not have shared blood, but we shared a sibling and to us kids that made us brothers as well and nothing changed that mind set even now was we come closer to our thirties. I have countless memories with you, Randy and Kelly that I wouldn't trade for anything but the chance to be together again. I will never forget sitting around that table with Tyler, Bryce, Robert, Kelly and yourself saying goodbye to Randy tears were shed laughs were had and most of all the three of us were together when we needed it most, while we mourned the loss of our brother. You were a great friend, a great uncle, a great brother in law and of course, a great brother. I will always cherish the memories of the time we spent together, and the times I got to see you spending time with my son playing hotwheels on my floor. Kelly and myself will always do our best to be there for the girls and Nixon just like I know you would have done the same for us in a heartbeat. Rest easy brother.
