Messages of Condolence

I will miss her smiling face. I have many happy memories of playing ball and partying with Judy. She fought hard against this disease that takes too many people before there time. Playing ball was something she loved and I sure she will be watching all of you play that one last game for her.

I met Judy in Grade 6 at Okanagan Landing Elementary and loved her immediately. People were drawn to her wherever she went and she always had so many friends around her, naturally, because she was fun, and she was hilarious and she made everything you did with her just plain more fun!! I didn't get to see Judy as much as I would've liked as we got older and grew apart but whenever we did get together it was like we were never apart. I will never forget you Judy and will cherish the memories I have always. I wish I could be at your memorial to honor you as people share their memories and pictures.. I can feel the love from here Jude! so much love...xoxo Lani
