Ross passed away in his home on Wednesday, January 13, 2021 just a few short weeks before his 60th birthday. Ross was a very kindhearted and easy-going kind of guy. He was a proud bachelor who always opened his home to visitors and family when they needed a place to stay. He had many talents including auto mechanics and having a knack for making people around him laugh and smile.

Whether it was telling a crazy joke or retelling one of his many adventures from his younger years. Conversations were never boring when Ross was around. His passing is leaving a hole in many hearts but may we rejoice in knowing he is with all those who passed before him in that happy hunting ground in the sky.

Celebration of Life will be held at a later date.
