I am so sad, I worked with Max for many years. She really was one of a kind, she loved her family, her animals so fiercely! I was always amazed at her many work projects at home and her accomplishments! A hard worker with a no nonsense approach. So very sorry!

Max , " the one who always went the extra mile for her patient"she put her mark/
stamp on the WORLD !!!

— **Colleen Matheson**

Maxine was always there for her patients and would always make my day, it was
"Hun" or "Dear" when we spoke about staffing. She taught me a lot even though
the majority of time we spoke over the phone at work, there was a lot of respect
for her there as well. May she be at peace in her own special piece of heaven and
my the memories you have as a family carry you all through the days ahead.

Big sigh...Max called me on the phone only a few months back. She had discovered
a "new" antique type store and we were going to check it out together. I had asked
about her girls and her grandchildren..I almost feel like i know them, as when you
spend that many years working with someone we all talk about our families. I
enjoyed working/learning alongside of her and I have a pic on my fridge of a few of
us sitting at the nursing station. Oh Max, how can it be? Happy trails girl....happy
trails.

"Unbelievable" to hear of the passing of Max, I was so blessed to know you &
proud to call you a friend! I've known Max for the last 23 yrs & worked with her for
11 yrs. I was amazed with all her home renovations over the years, always talked
about her daughters Karen & Colleen & loved her animals so much. I will always
remember Max for her kindness, compassionate, caring & humour. My heartfelt
sympathy goes to Colleen, Karen & their family and may you's be comforted by her
wonderful memories. Max was an Angel with a Stethoscope. Will miss her dearly :(

Onto bigger and better things, always planning her next project, yup that was Max. Fondly remember her standing up for her coworkers, patients, and everyone's pets. A truly unique lady that I was lucky enough to have met, worked with, and learned so much from. Lots of memories, luv ya Max!
