# Glen Murray

OCTOBER 10, 2021

Life should not be a journey to the grave with the intention of arriving in a perfect body, but rather to skid in broadside in a cloud of smoke.Thoroughly used up, totally worn out, loudly proclaiming… Wow, what a ride. This was Glen.

Loved by sister Starla Turner-Ralph, Shauna, Chelsea (Michael, Quinn & Hendrix) of Redwood City California, and brother Blake Murray.  Thanks for the memories.

No Services

Glen survived several bouts of cancer and left behind a beat-up earthly body and mind.  He was the neighbourhood person who always had candy at Halloween, just in case kids came by, and a can of cat food just in case a stray found him.  He had a good heart and now is our guardian angel.
