Messages of Condolence

My heartfelt condolences go out to Adams family and friends during this difficult time. I've know Adam since 08, while working together. He was a good man , he touched a lot of lives on a day to day basis. I know it was shocking and disturbing news to hear , I had ran into I'm just days earlier myself. He will be deeply missed :(

May he rest in peace

I am truly shocked to hear the news of Adam's sudden and tragic passing.

Your family lived across the street from my cousin and we all shared the same friends so our paths crossed often. "People will forget what you said, people will forget what you did, but people will never forget how you made them feel," after speaking with many these past couple days you my friend will be remembered for your tender heart and warm spirit in life. I remember the crazy times we all shared in the "Hat" growing up and figuring life out. Although we did not see eachother often in Calgary we would bump into eachother all over the place downtown and talk as though no time has passed at all.

To your loving mother who I would always see at Zeller's back in the Hat,your sister, your beautiful wife and the rest of your family and friends I send my condolences and send strength and wish you peace as you navigate this difficult journey. Look to the stars when you miss him the most.....he will be up there looking over you. He will be the movement in the breeze, the twinkle in the snow.....he will always be there to guide and protect you all.

May all the memories you have of him get you through the weeks and months ahead.
