Messages of Condolence

Jan was a very sweet lady. We had lots of laughs with her. We will miss her. We will cherish all the memories that we have of her. RIP our friend.

— Ann Horn

Jan & I developed a friendship many years ago through her dedicated volunteering at the Drumheller Public Library. We shared attendance at the Alberta Library Conferences in Jasper, many fundraising events, board meetings, document revisions, and just visiting. I appreciated her great attention to details, her sense of humour, and her long-standing appreciation of public libraries. She is greatly missed.
