Messages of Condolence

I knew Shaun while competing with SABBA. He was my shoulder when I needed a friend after my 3rd competition in less than months apart. He was an amazing friend and will truly be missed. Condolences to the family.

I met Shaun a few yrs ago. He was an amazing friend. He was always so kind. I was always grateful for our friendship. I'll miss our chats and all your plaid jokes. Always made my day. My condolences to all his family and friends ☐

I got to know Shaun through an online fitness group during covid, and then at the same gym. I'll miss our jokes about beets, Shaun! Rest easy my friend, you fought hard but it was time to say goodbye.

I met Shaun many years ago when he came down to Brainerd to see his sister Yolanda. I use to babysit for Yolanda. After meeting him and spending some time with him I totally fell in love with him. He was my first true love. He was one amazing great man and we have kept in touch over the years. I'm so grateful that I met him and he was a part of my life. I am so sorry for your loss of a great man. I just want you to know that I am sending you all love, hugs and prayers. We knew each other before either of us had kids. He will always have a piece of my heart. Rest in peace Shaun. You will be so missed and loved forever.
