Shelley graduated from the University of Regina with a Software Analyst diploma and continued on at ISM for approximately 25 years. Such a sad time for Zac and Linda mom Gloria and brothers Barry and Kevin. But let us celebrate the good times we had throughout her life! Lots of memories with Shelley travelling to Cuba Mexico Las Vegas and going with her with uncle Eugene and auntie claudette to Branson Missouri we had a blast we could hardly keep up with Them! Every show or event we put our pennies in those souvenirs that pressed them into a souvenir! So recently I went to butterfly gardens in Victoria thinking of Shelley and made her one of those souvenirs with butterfly on it. She just loved it! I will miss you but will continue going to 80s cover bands and think of you! Love ya Shelley Bell!

— **Christine and Dwayne**

I worked with Shelley at ISM, and we were on the same team for a year or so. We were Shelley and Shelley reporting to Robert G. I eventually became Shell to make things less confusing. We had so much fun working together. If one of us got stuck the other one could help. She was kind, smart and a pleasure to work with. Could not ask for a better coworker. Working with her was one of my favorite times. My deepest condolences she will be missed.
