Kathy loved with her whole heart and appreciated everyone who was ever kind to her. She believed in forgiveness and hugs that are given with all your heart. She watched company leave until she could no longer see them from her window and worried until you made it home safe after visits with her. She was a strong person that stayed true to her beliefs setting an example to never give up. I admired her abliity to share, how much she loved her family and kindness to any dog needing love.
