Sara Rae Petch-Jones

JANUARY 13, 2018

Although our lives journeys

Seems to have taken us apart

We are with you, you are with us

Always in our hearts

Love Mom and Dad

When we look to the sky so pink

Your favorite colour makes us think

We know you're here us this day

To help to take the pain away

'Cause when we look up to the sky something tells us that you're here

And you will make everything alright

And when we feel like were lost, we can always find our way knowing you are here

And every word we didn't say that got caught up in some busy day

And every dance on the kitchen floor we didn't dance before

And every sunset that we'll miss, we will wrap them all up in a kiss

And pick you up in all of this when we sail away

It just feels like it is impossible to fly

But with you we can spread our wings

To see us over everything that life can sometimes bring

When we feel like there is no one that will ever know us

There you are to show us.

You are invited to leave a personal message of condolence for the family.

Messages of Condolence

Sara I miss you so much. It still is so surreal. I’m sorry I never protected you and loved you more as I should of. I look forward to seeing you in heaven. God almost called me home but I’ll struggle a lil bit more and see you soon. I love you so much
