Messages of Condolence

Deepest Condolences to all of his family and close friends.
I live in the condo where Bernie lived and he was always sitting at his window to the East and Railway Ave. waving and always a friendly Hello and a chat! I had noticed he has not been at his usual spot. He was a bright spot at the Arches and will be greatly missed. Bernie and I had many conversations and found we knew many of the same people. During the town construction last year, Bernie took a chair and parked himself on the West side of the building so he could still have his "social" time. Love and hugs to all of you!

Bernie always had a smile, time to say hi & a story (if you had time to listen) & seemed to be able to see the positive in things. He will be missed.
