

Glenda Gale Redlick

FEBRUARY 13, 2025

With much sadness and heavy hearts we announce that our mother and friend Glenda Redlick, passed away in Regina, Saskatchewan just after midnight on February 13, 2025. A gathering to honour and celebrate Glenda's life will take place in the Spring with details to follow. She was predeceased by her loved ones, several grandchildren and great grandchildren.

Glenda will be dearly missed by her partner, Gerard; She also leaves her sister Cheryl and other sisters; her five children, Nicole, Chantal, Josh, Matthew, and Christopher; Her grandchildren Taylor, Bailey, Lawrence, and Keneesha; Dee, Elias, and Jeremy. And the latest, little Tayen.

She grew up in the Fort Qu'appelle region, but most of her life was lived in Regina. She was always a stay-at-home Mom and did the most for her children whenever she could. She was a lover of pets, and plants; and loved her country and rock music. Being a good homemaker, she did enjoy painting and gardening and she enjoyed a cold beer on a hot day. Glenda will be remembered as a good mother and grandmother, best friend and confidante. Let us not mourn her life but celebrate it. It's truly what she would have wanted.
