Dear Cathie,

Just want you to know I am thinking of you and holding you in my heart. I of course cannot imagine what this time might be like for you. I hope it unfolds with presence, love and a spaciousness for and around you. I hope I will see you at the next AM class. My thoughts and condolences for the rest of the family.

I worked with Scott while I was at Engineered Air back in the late 1980's, just after I completed my BSc degree at UofC. Scott was a great mentor to the young engineers at the company, and always had time to help us with our work. He was also a wonderful person and I was happy to have an opportunity to work with him.

I was in Calgary last week on holidays and noticed the obituary in the Herald. I was saddened to hear this news and would like to express my deepest condolences and my sympathy to his family.

Dear Cathie,

I was so sorry to hear of Scott's passing. Please accept my sincere sympathy to you and your family. Getting to know Scott during Megan and Janine's soccer days was wonderful. Scott was a great coach to the girls and I know Janine was very fond of him. My prayers are with you all. God bless.
