## Messages of Condolence

You will be missed

— **Blair**

Thanks from Joyce and I for the information.

— **Donald Salie**

Sending our deepest sympathies to Illa and the rest of his family. He was our neighbour for 8 years and over the years turned into "Grandpa Salie" to our kids. He'd always stop for a chat on his daily walks if we were outside.

— **Candace Richels**

I am going to miss having you as a neighbor Al. Best neighbor I could have asked for. Will miss those sidewalk chats and your mechanic wisdom. I will see you on the other side boss, keep a piece of property open for me next to you.

— **Tim**

Deepest condolences on the passing of Al. Although I have not seen Al in a few years I still have many fond memories. Especially our visits to their house and playing cards. He will be missed by many. Rest In Peace Uncle Al.

— **Pam**

I am so sorry for your loss. One of the best neighbors ever! Al was always kind & helpful. May he rest in peace. Eternal memory.

— **Maryann Grandy**

Going to miss the Christmas phone calls, the hunting stories and the BS'ing with Little Al. Hugs to Aunt Illa.

— **Boyd & Sheila Anderson**

As if today I do not remember spending any time with him but I still love him no matter what. According to my mom and dad he was a very kind guy. So even though I don't remember him I just wanted to say that I love you grandpa Sallie.

— **Allie Richels ( daughter of Candace Richels )**
