## Messages of Condolence

So sorry to hear of your Mom's passing, Kathy. I have fond memories of your Mom and truly enjoyed my years of working with her. My sincere sympathy to you and all of your family.

Kathy and family, Beth was such a special person, and one of the few true characters that I will always remember, and think about so often. She was a great nurse, smart, witty, and always fun to be with. She was also a strong woman, she took on the anything with that " I can do anything "attitude. She made the best picked carrots I've ever had, and grew the most beautiful roses around. I am so glad I got to talk to her on the phone months ago, but am sorry I didn't come and visit. I will always remember the years of working nights with her and on our breaks having coffee, solving the problems of the world, and laughing at all the antics that went on. She was one of a kind and will be missed !!

I am so sorry for your loss.

Sorry to hear of her passing we only knew of her after she married Jim and became part of our extended family. She was so nice and helped us with our genealogy. We had met her through Jim and came down to see her a few times. We never got her Maiden name or birth date. Would it be possible to get that info for our records. She is missed by us we had many phone conversations with her and knew that she had some health issues but were surprised of her passing . Condolences to her daughter from us.
