## Messages of Condolence

Dear Lisa and family

We were so sorry to hear about your Dad. It is extremely difficult when someone you love leaves so quickly. Your dad was a wonderful man. He was honest, and kind and hard working. He was so very proud of you, Lisa. You meant the world to him. We know that you will continue to make him proud as you go forward on your life's journey. If you have time to come for a visit some time in the future, please stop by. We would love to see you !

Love Carol Freschette and family
